

Chinese & Japanese Dual Language For Children

OUR GOAL:

- To create a strong foundation of the Chinese & Japanese language through the development of the four language skills: speaking, listening, reading and writing;
- To deepen student's understanding of the Chinese/Japanese culture through the study of language and the Chinese & Japanese culture.
- To shape culturally sensitive, globally aware, responsible world citizens.

OUR APPROACH:

A. Language basis (Chinese/Japanese)

- Use language effectively to express his/her needs and wants and to interact with others.
- Speak in complete sentences.
- Ask many questions and look for answers.
- Enjoy language play, children's rhymes, songs and riddles.
- Practice using words and language learned in school.

B. Writing and Reading

- Know the basis of writing Chinese/Japanese.
- Learn basic words and be able to use the words to make sentences.
- Recognize, understand, and applies writing concepts.
- Expand oral language skills and gain meaningful vocabulary for reading.
- Demonstrate comprehension by responding in different ways when listening to or viewing text of all kinds.

C. Math

- Develop basic notions of numbers and use numbers to think about objects and the world around them in Chinese/Japanese.
- Practice counting objects in sets, and lay the groundwork for addition and subtraction. Patterns, and algebra in Chinese/Japanese.
